

2-Rivers Expedition, SA

It's time to join us on our weekend trip to the dry Letabo River near Phalaborwa / Giyana. Experience soft sand at its best as we drive the two river beds of Klein Letaba and Molotsi Rivers.

What you need

- **Everything!**
- **ALL** camping equipment - tents, shade, toilet (spade), water, lighting, etc.
- **ALL** food and drink (it gets hot) and all catering equipment
- Recovery equipment if you have – not serious if you don't

Route (approx. 1000km round trip)

- Jhb to first overnight camp 460km
- Letaba River 70km
- Giyani to Molototsi 25km
- Molototsi River 35km
- Exit via Tzaneen to Jhb 410km

If you feel uncomfortable not having spare fuel, bring 20l, but you will probably take it home with you again. We top up in Giyani on arrival and when we exit Letaba, and again in Tzaneen for the trip home.
